

# IC 100 CRANES

# 2022

It's time to enter *International Cranes and Specialized Transport* magazine's annual IC100 (formerly IC50) listing which ranks the world's largest crane companies

## EDITOR'S IC100 NOTES

1. All IC Index figures should be given as a maximum load moment rating in tonne-metres.
2. Tower cranes are not included in the IC Index for lattice boom, crawler and wheeled mobile cranes. Please ensure that there are no figures for this equipment in your calculations – if you have tower cranes please request an IC Tower Index entry form.
3. Alternative lifting equipment is no longer included in the IC Index. Please ensure that there are no figures for this equipment in your calculations.
4. Figures in the IC Index for crawler and wheeled mobile cranes should include an allowance for any super lift attachments that you own.
5. The IC Index should include all cranes that are in your fleet as of 6 May this year. Do not include cranes that you have ordered but that have not yet been delivered.
6. To help illustrate the IC100 editorial in the magazine you could include some photographs, perhaps showing your cranes in action that will be considered for publication.

The IC100 is the world's original industry ranking of the largest crane operating companies, and each year it grows in popularity. We've already received some entries, so, if your company has not yet taken part, this is your chance to ensure it takes its position in the listing.

We calculate the IC100 figure by totalling the maximum load moment rating, in tonne-metres, of all mobile and crawler cranes in your fleet on 6 May 2022. Simply fill out the IC100 form over the page and submit it to us. If you send us a list of the cranes in your fleet, which would be helpful, please include the make, model, type, capacity and number of units for each model.

If you have any questions regarding the form or require help representing tonne-metres, contact the editor, Alex Dahm, by phone: +44 (0)1892 786206 or e-mail: alex.dahm@khl.com

**PLEASE COMPLETE AND RETURN THE FORM BEFORE FRIDAY 6TH MAY 2022**

# 2022

Please read the form and the notes on the previous page carefully. If you have any questions, do not hesitate to contact the team at **International Cranes and Specialized Transport**.

The listing must only include cranes that you will actually have in your fleet on 6 May 2022. Please do not include cranes for which you have placed orders but not yet taken delivery.

Company name \_\_\_\_\_

Full address of company HQ \_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Name of senior contact \_\_\_\_\_

Job title of senior contact \_\_\_\_\_

e-mail address \_\_\_\_\_

Company web site \_\_\_\_\_

## IC100 MOBILE CRANES

Number of wheeled mobile cranes \_\_\_\_\_ Total tonne-metre rating \_\_\_\_\_

Number of crawler/lattice cranes \_\_\_\_\_ Total tonne-metre rating \_\_\_\_\_

Total IC Index \* (tonne-metres) \_\_\_\_\_

Make and model of largest crane \_\_\_\_\_

Lifting capacity of largest crane in metric tonnes \_\_\_\_\_

Average age, in years, of the equipment in your fleet \_\_\_\_\_

Number of depots \_\_\_\_\_ | Number of employees \_\_\_\_\_

Scope of operation  local  national  continental  worldwide \_\_\_\_\_

Annual sales, in US\$, from crane-related activity \_\_\_\_\_

I confirm that the information shown above is correct.

Signed:

Name (please print) \_\_\_\_\_ Date \_\_\_\_\_

Job title \_\_\_\_\_

e-mail address \_\_\_\_\_

### \*IMPORTANT

To calculate your IC Index, please add together the maximum load moment ratings in tonne-metres of all the lattice boom cranes and wheeled mobile cranes in your equipment fleet to produce a total figure.
